Officer's Explanation

The age of R. Gopalasami aiyangar 24 7/12 years entered in his Health certificate as stated by him is the true age according to his horoscope. The age put down by the medical officer as about 26 by appearance was therefore considered im-:material under the footnote to rule 4 sec 106 of the C. P. C. Accordingly he was confirmed & a certificate was also attached to the Treasury Bill along with the Health certificate declaring his age to be 24 years & 7 months. It is therefore earnestly solicited that the matter may be submitted under the rules to the Government for favorable ~~sanction~~ consideration.

No 38 (47) Camp Palani
8th February 86

To

The Ag Director of Revenue Settlement
& Agriculture
Madras

Sir,

In acknowledging the receipt of your Proceeding No 364 of the 29th Ultimo and with reference to the latter part of para 2 of the same viz that "it is the plain duty of an officer to accept the decision of Government on such questions as the alteration of travelling allowance rules whether such alterations happen to suit his convenience or not" I have the honor to state that I did not for a moment presume to imply by my letter No 309 of the 21st September 1885 that an officer could do otherwise than accept the decision of Govt. on such questions. I merely endeavoured to point out that as officers of the settlement department had been sufferers by the modifications

in the new travelling allowance Code
they would be still further lower if
every taluk of a district taking
up for Settlement were to be re-
-garded as their head quarters pro-
-tem which is evidently contemplated
by your order to me with reference
to Palni.

2. Of course wherever the head
quarters of a party are established
the records should be kept and if
it is difficult in a large town like
Madura to find suitable accommo
-dation for so large an office it
would be quite impossible to
secure a building sufficiently
commodious for that purpose in
the Cusbah village of a taluk not
to mention the expense and inconvenience
that would be incurred in carrying
about the records of the whole district

from one taluk to another.. 49

3 The duties of a settlement officer sometimes necessitate his being out in the field all the year round (as in my case for the next 2 years) and if his head quarters are to be frequently changed and his batta to which he would be otherwise entitled thereby curtailed, it would be a source of great hardship to him. Surely the fact of his being always out in camp, the wear and tear of his tents, the isolation, the exposure to all the vicissitudes of the weather, and other inconveniences are sufficient reasons for his being permitted to draw the allowance the Code# prescribes without any further restrictions.

4 In your Proceedings No 3649 of the 19 December 1885 reviewing my batta

batta bill for November after remarking
on the marches made in that month
you have disallowed my travelling
allowance from the 19 to 29 both days
inclusive for having halted at Palani
for 10 days on two different occasions,
and in consequence directed me to
consider that place my head quarters
in future. I beg to state that as Madura
where my office ~~has been~~ is fixed and the
records of all the taluks are still
lodged has for the last 3 years been
recognized as my head quarters I
considered myself entitled to draw
travelling allowance while absent from
that station subject only to the operation
of the 10 days' rule as done by all the
officers of the late Survey party in
Madura to which no objection was
taken.

5. The reason for my spending
a longer

2 longer time in Palni than elsewhere
is because the records of the taluk and
my office hands are here and references
are frequently to be made to me
for final orders during the
preparation of the numerous accounts
connected with settlement operations
and it was on this account that
I made a request to be exempted
from the operation of the 10 days' rule
which I regret to find you declined
to comply with.

6 I mentioned in para 7 of my
letter previously quoted that Mr
Wilson had suggested that Dy
Director of Rev Settlement should
draw permanent travelling allowance
of 150 Rs a month the same as sub-
collectors than whom they have a great
deal more travelling in fact as
Mr Wilson says in his letter to Govt

"most of their life is spent in camp."
and the Government in their order
dated 28th June 1883 No. 788 while supporting
his recommendation state that "Dy
Directors of Rev Settlement have a
substantial ground of complaint
inasmuch as they lose one rupee a day
when they are in camp, and this
is not made up to them as it has
been to revenue officers of the Covenanted
Service by the grant of a permanent
travelling allowance" but unfortunately
the proposal was not sanctioned by
the Govt. of India.

7 Dy Directors were originally
placed on the same footing as subCollrs.
but now the latter get a permanent
allowance of 150 Rs. for travelling 5
months in the year whereas Dy Directors
who are in camp nearly all the
year round draw 5 Rs a day

when travelling only and not even that sum if a halt of more than 10 days is made in one place.

8. My object in entering into these particulars is ~~to~~ show that we are already losers by the new arrangement and that if the head quarters of my party are changed to Palani my batta will be further restricted. I beg therefore that after this representation you will be so good as to reconsider your order but should you still see no necessity for so doing ~~so~~ I respectfully request that this letter with your remarks may be submitted to Government for their consideration and final orders as allowed by rule 2 Section 27 of the Travelling allowance code when a doubt arises as to where the head quarters of an officer should be established -

No. 42

Camp Palani
11th February 1886.

To

The Director of Rev. Settlement
& Agriculture
Madras.

Sir,

I have the honor to report on the progress of work of this Party during the month of January 1886 and to submit the usual returns.

2. The Supervisor having completed his inspection of Classification in the Madura Taluq was ordered to join my camp at Palani for the supervision of the final Settlement accounts of that Taluq, in as much as the ~~[illegible]~~ examination of Classification and revision of Tank ayacuts in the remaining× portions of the Dindigul and Melur ~~Taluq~~ can be easily undertaken during the final Settlement ~~Operations~~ of those taluqs. The uncovenanted Assistant having taken one month's privilege leave from the 30th I have appointed the Supervisor to act for him pending

× Dindigul 24 villages
Melur - 45 -

pending your sanction.

3 Subdivision Measurement

The measurement of interstitial holdings was finished in 7 villages in the Periyakulam Taluq and it was in progress in 23 villages. The actual outturn of work was 1403 Survey Nos containing 3877 Subdivisions or 10338 pluses. The rate per man per diem was 13 letters or 33 pluses—

4 A good number of days were lost from the absence of Kurnams ~~with their accounts~~ at the Taluq Cutcherry ~~for~~ Jamabandy work, & notwithstanding every attempt ~~being~~ made to push on the work with the aid of Nattamaigars and other ryots in the absence ~~of Kurnams~~ the outturn is small.

5. In his letter dated 26 December last the Collector informed me that as reported ~~to him~~ by the Tahsildar of Periyakulam he had ~~issued~~ issued orders to ~~the Tahsildar~~ the Tahsildar ~~to~~ direct the attendance of all the Kurnams ~~to attend~~ at his office and to dispense with their ~~attendance~~ services as soon after ~~they are~~ the work be concluded

done

~~done with~~ as possible. ~~In reply~~

(5) I pointed out to the Collector that the progress of the measurement ~~work~~ of Sarvamanyams in that taluq was much impeded consequent upon the orders he had issued ~~to the Tahsildar~~ and suggested that if a similar course adopted in previous years, by which the Kurnams were directed to place themselves at the disposal of Settlement officials, leaving their village duties to be performed by their Gumastas, was not feasible, orders might be issued to the Tahsildar to furnish the Nattamaigars with the Adangal & Chitta Accounts of Fasli 1294 and to make them attend to the measurement work till the Kurnams returned. The Collector, however, (Vide Copy of his letter No. 243 of 2nd Feby 86, herewith forwarded) informs me that neither course is possible till his Jamabandi is over.

6. Examination of measurement work

24 villages in Periyakulam, and one in Dindigul were in progress during the month under report.

7 Introduction of Settlement at Palani

The Individual accounts, Rough-Chittas & Pattahs were finished for 3, 6 & 5 villages respectively. Pattahs were issued ~~for~~ to 17 and appeals heard ~~for~~ of 18 villages. Final Corrections were heard ~~for~~ of 20 villages & 4 were in progress. The Diglott registers of 11 villages were completed ~~for 11 villages~~ and 2 were in progress & Fair Chittas written up for 17 villages. The Kurnams' Copies of Registers and Chittas were furnished to the Tahsildar for 26 villages.

I have &c

Sir,

With reference to the latter part of Para 1 of your Proc. No 5 of the 17th inst. I have the honor to state that so long as Madura was recognized as my Head Quarters the marches made within a radius of 5 miles from Palani were not contrary to the Rules of the Travelling Allowance Code for the infringement of which I was warned, and I respectfully beg to deny most emphatically that "the object of change of Camp with the intention of returning to it" was for the purpose of evading the ten days rule; they were made with a view to checking the measurement of individual fields and ascertaining the truth of the allegation said to be experienced by the field hands in not working up to the standard required for dry lands as directed in your Proc No 26 dated 7-[illegible]-85

the result of which was communicated

to you in the Progress Report of my

Party for Oct. No 304 dated 12th Nov /85

Enclosure.

To

THE Director of Revenue Settlement
and Agriculture
Madras.

SIR,

I have the honor to inform you that I have employed all the classifiers and a few Extra Gumastahs on the settlement wo[rk] of Periyakulam and deputed almost all the Extra Gumastahs for the measurement of inter-[illegible] -tial holdings in the Dindigal Taluk which however, cannot be completed in time the Classifiers move into that taluk to comm[ence] Settlement operations unless the existing temp[orary] establishment is strengthened. As it is very desirable to keep the measurement work ahead of Settlement I request that you will be good enough to sanction for the entertainm[ent] of 10 more extra Gumastahs on Rs 12 each so th[at] sufficient men may be employed both on measurement & Settlement work.

The additional charge can be met with from the General savings of this Party.

I have &c

I have the honor to inform you that the measurement work in this District is much in arrears. By the time the Dindigul taluq which is to be taken in hand after Periakulam, should be almost completed, but as a matter of fact it has ~~not~~ first been commenced, even Periakulam would not be completed till the end of this month. I have deputed the whole of the entire establishment to

251

measurement work the Dudhigni [illegible]
calculate that with the establishment of
30 men it will take fully 8 months to
complete the daling.

By thus employing the whole of the latter establishment
the measurement work, as there are considerable
to assist the classifiers the checking company
revising the settlement accounts [illegible] of
the Secundrabad daling down in progress.

I beg therefore that you will be pleased
to sanction the entertainment of 10 additional
Sub surveyors on 12 Rs per mensem from the
1st of July. The cost may be met from
the general saving [illegible] from [illegible] ...
of the work still being done in No II Party.

I may say that work will not be available
for all the latter personnel thereafter the
1st July. I would beg to suggest therefore
that 10 men of No II Party may be directed
to join this Party after the 1st of next
month. In 8 months time after the
completion of the measurement work
of Dudhigni daling it may be possible to
dispense with the services of the men [illegible]
[illegible] for as by that time the measurement
work should be well ahead of settlement [illegible]

Sir,

Referring to your O.S. No: 1442 dt. 10th ultimo and to the Acctt General's Audit slip No: $\frac{ABS}{653}$ of the 6th idem, I have the honor to bring to notice that in calculating my acting allowance my salary as 2nd Grade deputy is taken as Rs 700 per mensem. But the G. O. No: 1150 dt 19th September 1883 directs that Rs 750 shall be regarded as my pay and Rs 37½ as fixed batta as regards my pensionary service and leave allowance.

2. I therefore request that the Government may be addressed to allow me to draw Rs 983-5-4 during my acting appointment as 1st Grade Dy Director, as noted below—

Pay as 2nd G. Dy Director — Rs 750-00

Ag allowance under sec: 16. B of Pay a.c. ∴ 2/3 (1100 − 750) = 233-5-4 — 233-5-4

983-5-4

(Margin:) ... Act 9

3. Mr. Lakshmikanta Row ~~has~~, or
any other ~~Depu~~ 2nd grade Deputy-Inspector
whose pay is Rs 750 per mensem
~~He~~ would draw the amount Rs 953-5-4
he now claim while acting as
1st grade Deputy and it seems somewhat ~~a little~~
unreasonable that while my pay as 2nd
grade Deputy is Rs 787-8-0 I should
be entitled to draw Rs 16-10-8
less than Mr Lakshmikanta Row would
under similar circumstances

DEPUTY DIRECTOR OF REVENUE SETTLEMENT,

To,

The Director of Revenue Settlement

Sir,

In continuation of my letter No 171 dated 26th ultimo, I have the honor to forward herewith an arzi ~~rec~~ ~~of~~ from Classifier P. Chakramaiyangar, who was deputed to inspect ~~cultivated~~ fields No 171 and 172 of the Tiruvasi Village, Trichinopoly Taluk, and report.

2 It is clear from the arzi that the position of fields ~~&~~ Nos 171 & 172 of Tiruvasi Village as represented by green dotted lines in the Sketch is fixed with reference to the old ayacut accounts and Survey field book of the village. In the ayacut account the lands in question are described as bounded on the north by Virandanallur, East by Sriranyarajapuram, and west by Mallavaperumal Koil. They have been

Surveyed also as No 1 of Mádavaperumál Kóvil
and No 218 of Sengadi as distinguished
in the Sketch, but not as Nos 1 and 2
of Mádavaperumál Kóvil and No 131 of Man
-pidimangalam as presumed by the Collector
~~and Surveyed~~

3 The Survey area of the disputed lands in question
is 7-13 acres cents as per Settlement register of Tiruvási
Village, and 7-14 acres as per those of Mádava
perumalkovil and Sengadi Villages ~~as shown in the Sketch and~~
the difference of 1 Cent is of no importance ~~being immaterial needs no consideration~~

4. In the Survey field book of Tiruvási Village
it is remarked against Nos 171 and 172
that they have been Surveyed also in Máda
vaperumalkovil; while ~~and~~ in the Survey
plan of Tiruvási, they have been omitted ~~are excluded~~.

5. It appears that in Tiruvási Village, of acres 7-13,
acres 3-8 and 4-5 were respectively held
under pattahs, by one Chinnasami Pillai grandson
of Marudanayagam Pillai, and Mátravála Swámi,
both prior and subsequent to the Settlement ~~without~~ but

without Kars enjoyment. They both have since relinquished their claims, the former in Fasli 129[illegible] and the latter in 1295. The real occupants of the lands in question are one Tiruvarasu Pillai for acres 4-54 (Survey No) in Madavaperumal Koil, and one Srinivasaiyangar for 2-60 (Survey No 218) in Sengudi.

208

6. The whole of Tiruvasi village is classified as 5-2, and a greater portion of Madavaperumal Koil and Sengudi which include the lands in question are classified as 5-1. The difference in Sorts it is ~~should be~~ presumed, is due ~~to have occurr~~ to the system of classification by blocks.

7 It is thus clear that ~~there is no dispute at present for the lands in question the Tiruvasi village~~ ~~and the~~ Nos 171 and 172 ~~of Tiruvasi village~~ should ~~may~~ be struck off the accounts ~~register~~ of Tiruvasi village, as the lands have [illegible] ~~the~~ belonging to Madavaperumalkoil & Sengudi [illegible] ~~present~~ enjoyment?
